Date from – Date to	Location	Company	Position	Description
09/18 – 03/21	Tunisia, Morocco, Malawi and Nepal	GIZ	Team leader, GOPA Worldwide Consultants	Accompanying evaluation of the initiative "Hospital partnerships - Partners strengthen health", that GIZ has been carrying out on behalf of the BMZ and the Else Kröner-Fresenius-Foundation since 2016. The evaluation was conducted following GIZ evaluation methodology. Knowledge transfer, gender, and vocational training in the health sector were the main focus of the projects/partnerships. Public and civil society institutions were involved. Evaluation design: OECD/DAC criteria. Evaluation process: participatory evaluation with 12 case studies (impact assessments) in 8 countries in 2019 and 12 remote case studies in 2020, monitoring of 181 partner projects via telephone interviews and semi-standardized questionnaires (quantitative). The procedure was similar to the Contribution Analysis. The evaluation was commissioned to the consortium GOPA Worldwide Consultants and EPOS Health Management. I implemented the case studies in Tunisia, Morocco, Malawi and Nepal. 2019 in the field and in 2020 as remote case studies. Applied data collection methods: qualitative interview, semi-standardized quantitative survey, document analysis, secondary data analysis and analysis of the financial inputs of the partners in 12 projects. Applied data analysis strategy and tools: use of evaluation matrix. English annual reports in 2019 and 2020 and a synthesis report in 2021.
09/20 – 01/21	Senegal	Heinrich-Böll-Stiftung, Berlin, Germany	Evaluator, Freelance consultant	Remote evaluation of the Senegal programme addressing sustainable urban development, employability, promotion of local economy, sustainable mobility, gender justice, sustainable rural development and migration. Public and civil society institutions were involved. Evaluation design: OECD/DAC criteria. Evaluation process: participatory remote evaluation. Applied data collection methods: qualitative interview, document analysis, secondary data analysis, gender analysis. Applied data analysis strategy and tools: use of evaluation matrix. Report in German.
04/20 – 06/20	Germany	VENRO, Verband Entwicklungspolitik und Humanitäre Hilfe, Berlin, Germany	Evaluator, Freelance consultant	Evaluation of the project "Quality and Innovation - Training Program for the Sustainability of Humanitarian NGOs". Desk review and telephone interviews. Evaluation design: OECD/DAC criteria (focus on effectiveness). Evaluation process: participatory evaluation. Applied data collection methods: qualitative interview, document analysis, secondary data analysis. Applied data analysis strategy and tools: use of evaluation matrix. Report in German.
